STUDENT AMBASSADOR PROGRAM

The Student Ambassador Program is a leadership opportunity for students who are dedicated to serving and representing Southern States University. Student Ambassadors provide campus tours, serve as SSU representatives and perform duties at various SSU campus and community events.

WHAT DOES A STUDENT AMBASSADOR DO?

- Provide various services and referrals to the campus.
- Develop an expanded knowledge of SSU.
- Conduct campus tours for new students, schools, classes, and guests.
- Represent SSU during college events.
- Work with diverse populations and provide tips on being a successful student.
- Interview prospective students and give continuous support throughout their program duration.
- Attend weekly staff meetings and required trainings.

ALUMNI & SUCCESSFUL STUDENTS

Patrik Puska

“Southern States University was my first choice in choosing a college to study in. I was pleased that SSU specializes in graduate programs like the Master of Business Administration degree program, which is very close to my personal development. In addition, I was thrilled to discover that SSU welcomes international students from all over the world. SSU is located in California, a state associated with progress, economic development and innovation that offers opportunity for learning the most up-to-date approaches and tendencies in business activities. Despite all of my fears of living and studying abroad, in a foreign country, currently, I can state that I do not regret anything. Today, I am proud to be an MBA student at SSU, learning different aspects of business that are a part of the MBA multifaceted curriculum. So far, I’ve become acquainted with basics in Financial Accounting, Marketing, Statistics, Business Research and Quantitative Fundamentals, and there are other subjects ahead that I am looking forward to. I have no doubt about the priceless knowledge that I will receive upon my completion of this program. It will allow me to become proficient in multiple business aspects and relate it to the demands of our modern highly competitive world. To all current and prospective students, I would like to wish you to believe in yourself.”

WHAT ARE THE BENEFITS OF BECOMING A STUDENT AMBASSADOR?

As a Student Ambassador you will develop a wide range of transferable skills that will benefit you. Employers, colleges and universities are looking for more than just good grades; they want community involvement and service! Student Ambassadors will gain leadership skills that will help build your resume. You will earn letters of recommendations, get connected to and serve your campus, and help students and the community.

INVESTMENT FOR YOUR LIFE

You are important to all of us at SSU. From the first time you contact us, during your studies up until you graduate and even after you leave, we'll look out for you and support you. We will be there when you need us. We can assure you practical support, expert advice and a valuable experience. This is a smart investment. Probably one of the best you will ever make. It will support the continuance of your career and change your life.

ALUMNI & SUCCESSFUL STUDENTS

Thianthip Chueapetra

"I have studied at SSU for 3 years. I came here with an intermediate level of English and now I will be finishing my masters degree soon in September. The school, instructors, and environment here are all wonderful. The past three years have been a great experience for me."

SSU EDUCATIONAL OBJECTIVES

The University has the following objectives:

- Offer a value-driven, focused set of programs to educate students in the fields of Business and Information Technology.
- Promote tolerance among staff and students of all races, cultures, religions, ethnicities, genders and sexual orientations.
- Promote critical thinking, decision-making skills and intellectual inquiry.
- Inspire leadership and teamwork.
- Create a learning environment that encourages students to develop the highest standards of ethical and professional behavior.
- Integrate formal academic learning with practical experience by employing real-world case studies.
- Deliver instruction through classroom and distance learning methodologies.
- Serve students with diverse socio-economic backgrounds.
- Demonstrate continued commitment to student success.

INTERCULTURAL INTEGRATION

SSU has set as a goal the creation of structured, peer-pairing programs and activities to encourage integration characterized by mutual respect and commitment to reducing stereotypes. This process will involve cooperative participation outside of the classroom and beyond the campus. Promoting intercultural activities will amplify cultural awareness among international and domestic students and staff. We strongly believe this collaborative approach can inspire cross-cultural understandings and improve academic performance among students. A Committee for Intercultural Integration has been established to strategically plan educational, cultural, and social activities. This committee has been formed with the the Faculty, Career Services Coordinator, and Academic Advisors. Guidelines have been created to evaluate this project based on quantity and quality of student interactions. As our veteran and domestic student population increases, students will be incorporated into the SSU community.

WHAT IS OUR VISION

OUR VISION

We are devoted to providing an invaluable learning experience. Our students have access to excellent learning resources, outstanding faculty, theories and content that are changing the way business is done around the world. It's an incredible moment to study at SSU Southern States University.

The vision of SSU is to promote itself as a diverse and all-inclusive institution of higher education, to continually improve and develop quality educational programs, to enhance teaching and staff performance, and to emphasize student achievement in an academic environment that encourages participation, leadership, and collaboration.

WHY IT WORKS

We offer a large range of free student support services such as faculty mentoring, tutoring,

writing classes, etc. to make sure students get the most out of their program.

We show students how to apply what they learn. Classes are often based on real-world business scenarios where students have to make important decisions. Working in groups allows students to learn the value of teamwork and effective leadership.

PAP - PROFESSIONAL APPLIED PROJECT

This is the project that proves your expertise. It is the practical application of management skills acquired during the academic period of the SSU MBA Program. The PAP so far is only for developing a business plan. The real user is either the participant or a specific present or potential client. In such cases, participants may opt to create their own companies and write a business plan, or undertake applied research in an area of their choice.

As a faculty member, Dr. Hechl-Novak inspires growth in students by giving them tools to take into other disciplines and continue learning outside of a classroom environment.

Among these tools are a sense of curiosity, open-mindedness, and a thirst for knowledge. She believes transformative learning is most likely to occur when students become engaged with the material and perceive the subject matter to be directly relevant to their own lives.

BACHELOR OF BUSINESS ADMINISTRATION

DEGREE PROGRAM

The Bachelor of Business Administration is a four-year degree program in which students will be prepared with an academic background, in addition to practical experiences necessary to survive in today's challenging business environment. The general education and lower division courses provide a strong academic foundation that includes humanities, arts, science and business courses, so that the student has the propensity to succeed in the more challenging and focused upper division courses. SSU's upper division courses are designed with the business needs of today and tomorrow in mind, and provide students first with an introduction, and then with more in-depth business principles and practices, along with the skill set required to succeed in today's business world. The program requires successful completion of 180 quarter units.

"Being an International student was not easy, however at SSU, we always help each other, no matter what questions or problems you have, they will help or find you a solution, especially for international students.

It was a good surrounding with international classmates, from more than 20 nations, because we could share thoughts or discuss base on experiences of each culture, each country which is the best opportunity to know about doing business in this border-less economy.

I need to admit that the first reason for choosing SSU was the affordable tuition, I did not expect much from this place. But after I had spent more time at SSU, I felt like it is my 2nd home. People there are great!! Really!!"

"In 2015, I moved with my family to California, to improve my English. Because of the increase of violence and corruption in Brazil, during the English program, me and my husband decided to apply for the Investor's visa (EB-5) to stay with our daughters in the USA. For that, I had to be brave enough to quit my job in Brazil as a Federal Judge. Because I had spent the last 15 years in the public service, I wasn't feeling confident to face the American market. So, I registered myself in the MBA at SSU. The green card was issued during the program, during which I learned how to work with my husband in our investments in real estate properties in the East Coast. As the final project in the MBA program, I developed a company to produce independent films: Flowerbud Entertainment LLC and launched it. By the time I graduated, a few months later, the company had already produced two short films (Famous Little Girls and Torment) and a featurette (On The Fence). These films not only have been awarded and screened worldwide in the film festival circuit, but they are also available to be watched at Vimeo on Demand and Amazon.com. I would like to thank the SSU's staff and the professors for the support in accomplishing this dream."

Bradley Pamintuan Tolentino

“Bradley Pamintuan Tolentino is an international student from Angeles City, Philippines. He finished his elementary and high school in Chevalier School and his bachelor’s degree in Angeles University Foundation both located in Angeles City, Philippines. He graduated and earned his Master’s Degree in Business Administration at Southern States University in March of 2016 and earned a Diploma Course in Marketing at Orange Coast College in 2017.

Before Bradley decided to take further studies here in the USA, he already had professional experiences from different industries and institutions in the Philippines.

He was part of the government’s Plan 5M Project of the Philippine Health Insurance Corporation (PHILHEALTH) where he played a very important role in the Information Services department to locate and encode at least five million indigenous people of the whole country and would provide them free health insurance cards for the first year.

After serving the government, Bradley decided to test his abilities to the next level, he became the Marketing Manager/Branch Operations Head of JTP Medical & X-ray Services (Diagnostic Laboratory). Bradley’s primary responsibility is to market potential local establishments and industries to exclusively send their employees for pre-employment medical exams, quarterly, semi-annual and annual physical exams including random drug testing.

After two years of successfully operating the diagnostic laboratory, Bradley decided to move to the biggest mall franchising in Southeast Asia which is the SM Supermalls. With the marketing and operations background, Bradley quickly became knowledgeable with the mall/department store selling operations. At SM Department Store is where he met his then now wife Mrs. Amanda Tolentino. Both supervisors in different departments, Bradley and Amanda bore two beautiful boys named Tristan Jean and Kyles Ethan.

After one year at SM Department Store, Bradley tried his potential in the academe at his alma mater where he finished his bachelor’s degree Angeles University Foundation (AUF) and the rest was history. In 2007, he started to teach English as a Second Language (ESL) with international students mostly Koreans. The same year, Bradley was hired as the staff assistant of the AUF - Office of International Affairs and got promoted as the Assistant to the Director the year after.

In 2010, Bradley became the Officer-in-Charge and Acting Director of the AUF Alumni Affairs and Placement Services and a member of the AUF College of Business and Accountancy faculty at the same time. Bradley’s experiences were mostly administrative and management positions until the last position he served were the Head of the Housekeeping Services and Campus Management also at AUF.

Currently, Bradley along with his wife Amanda, sons Tristan Jean and Kyles Ethan were under the employment sponsorship in one of the best companies in Los Angeles area. Bradley is always looking ahead of the future. His passion and love for his education and most importantly the value of education are his best weapons in successful and productive life. Bradley loves helping people who are in need and he sees helping people as making other people’s lives better without expecting anything in return. Lastly, Bradley is currently taking Master of Science in Information Technology at Southern States University and became very in touch and loyal to SSU since he started to pursue his studies here.”

OUR ACCREDITATION

WASC

Shortly following a teleconference on Wednesday, December 13, 2017, Southern States University leadership received word that WASC Senior College and University Commission (WSCUC) voted to grant Southern States University "Eligibility" status. The following statement published by WSCUC accurately represents our standing in the regional accreditation process:

"Southern States University has applied for Eligibility from the WASC Senior College and University Commission (WSCUC). WSCUC has reviewed the application and determined that the University is eligible to proceed with an application for Candidacy and Initial Accreditation. A determination of Eligibility is not a formal status with the WASC Senior College and University Commission, nor does it ensure eventual accreditation. It is a preliminary finding that the institution is potentially accreditable and can proceed within five years of its Eligibility determination to be reviewed for Candidacy or Initial Accreditation status with the Commission. Questions about Eligibility may be directed to the institution or to WSCUC at wascsr@wascsenior.org or (510) 748-9001."

SSU's national accreditation held since 2010 from the Accrediting Council for Independent Colleges and Schools (ACICS).
