**REGISTRATION PROCEDURES + HOW TO OBTAIN F1 STUDENT VISA
(I-20 FORM)
- FOR INTERNATIONAL STUDENTS ON AN F1 STUDENT VISA ONLY -**

All international students residing outside the U.S. and seeking admissions into a **degree or certificate program** are required to apply for an I-20 form and an F1 student visa. **International students wishing to enroll in the degree or certificate programs online are exempt from this requirement; the I-20 is not required for international students that are living outside of the U.S. and that are enrolled in online-only programs.**

NOTE: *Please check with the Admissions Department at SSU to find out which programs currently accept F1 students.*

The following steps are required for each student to register and to obtain the I-20 document, which, in turn, is required to obtain an F1 student visa:

- 1) Complete, sign the Enrollment Agreement and submit all application documents.
- 2) A *Statement of Financial Support* must be provided, identifying the source of funds, and an official bank statement or bank letter must be attached. This statement is required by the United States Immigration authorities to prove that the student has sufficient financial support to remain in the U.S. without employment. All Bank Statements or Bank Letters must be official and recent (within the last 3 months) and must include a minimum of US\$12,375 (plus US\$2,700 per dependent) or the US dollar equivalent in a foreign currency.
- 3) Submit the US \$100 Application Fee (non-refundable) and any other additional fees for international students residing outside of the U.S. (non-refundable international registration fee of \$150 plus \$85 courier fee).
- 4) The student must be admitted into the program to which he/she applied.
- 5) After the above requirements have been met, SSU will issue an *Acceptance Letter* to the prospective student.
- 6) The I-20 form will be mailed to the admitted student afterwards.
- 7) Submit proof of health insurance (please consult the next page for details). All documents need to be officially translated into English if written in a foreign language. Proof of health insurance must be received by the start date of a student's program.
- 8) With the SSU documents and the SEVIS fee receipt, the student is prepared for his/her appointment to request a student visa from the American Consulate. The Immigration Service charges a "SEVIS fee" of US \$200 (a processing fee paid directly to the Department of Homeland Security). This is payable online by the student. Students can do so by going to the website www.fmjfee.com. This fee should be paid *at least* three days prior to the student's appointment at the American Consulate. The student should print out a receipt, and must take this receipt to his or her appointment with the American Consulate.

In the case of a visa denial, the \$100 Application Fee and \$150 International Registration Fee *will not* be refunded to the student, because these fees cover the costs involved in preparing the documentation.

7) With a visa approval, SSU will charge an additional \$250 International Enrollment Fee.

Note: *The Professional Program does not issue I-20s (student visa). **The I-20 is not required for the degree and certificates programs if enrolled in them online only.***

HEALTH INSURANCE

Health Insurance is mandatory for all F-1 Students. Medical care in the United States can be quite expensive. All full-time students are required to show proof that s/he has medical insurance for issuing their I-20 form.

It is the student's responsibility to provide SSU with evidence of insurance by the start date of a student's program.

For information purposes, here are three possible sources for insurance. Their inclusion here is not meant as a recommendation, and students may select any insurer they choose.
