

# Accounting Intern

San Diego, CA | Finance

## Job Description

Are you a recent or soon to be graduate with a business and/or accounting major, who would like to get valuable hands-on experience and accelerate your career? **InsideUp**, a San Diego based company is seeking a highly motivated and skilled Accounting Intern who loves a challenge. No need to work for huge firms that swallow you up whole or early stage startups that don't offer the stability or long-term career growth that you deserve.

InsideUp is an established yet nimble company. Powered by its proprietary technology, InsideUp has become a trusted source of high quality, real-time leads for clients such as Verizon, PayChex, ADP, First Data, TriNet, ShoreTel, TSYS, Progressive, and Mozy. The company provides a compelling value proposition using its proprietary lead generation technology, a vast marketing partner infrastructure, a vibrant business community, and compelling multi-media content.

Position details:

- Generate weekly financial and business metrics using Excel under the direction of the Operations Manager
- Assist in business analysis and potential revenue forecasting
- Assist in monthly account reconciliations under the direction of the Finance Manager
- Assist in executing accounting tasks via QuickBooks under the direction of the Finance Manager

We prefer that you:

- Have or are in the process of obtaining an accounting or finance degree
- Have strong competency in Excel
- Must understand basic financial statements
- Must be able to work independently under minimal direction
- Energetic and detailed oriented with a respect for confidentiality
- Are willing to commit to 15 hours a week onsite

Additional Information:

This opportunity offers a flexible schedule and pays a monthly stipend and an exciting equity package. To learn more about InsideUp culture and opportunities, follow us on [LinkedIn!](#)
