# SOUTHERN STATES UNIVERSITY

## TRANSFER CREDIT POLICY:

Credits earned for comparable course work in a Degree Program can be transferred into the applicable Southern States University educational program, if the following conditions are met:

- Course descriptions, as detailed in the catalog or syllabi of the originating institution, are comparable to SSU courses;
- Courses must be completed with a minimum GPA of 2.0 for the BBA program, 3.0 for the MBA program;
- Originating school must operate with approval of the regulatory agency of the state in which it is located, and have accreditation recognized by the USDE (or equivalent);
- Coursework must have been completed within seven years of making application to Southern States University;
- Credit value of completed coursework (or clock hours) cannot be less than that required by Southern States University (semester credits are converted to quarter credits by multiplying by 1.5, i.e., 3 semester credits multiplied by 1.5 equates to 4.5 quarter credits).

Students may transfer no more than 135 quarter credits to the **undergraduate** program. No more than seventy-five (75) percent of SSU's undergraduate degree program can be completed through a combination of (a) transfer and (b) any other award of credit. A minimum of twenty-five (25) percent (45 credits) of the program must be completed at Southern States University via the on-campus residential education modality.

Students may transfer no more than 32.5 quarter credits into the **graduate** program. A minimum of 50 percent (32.5 credits) of the program must be completed at Southern States University via the on-campus residential education modality.

Please refer to the SSU General Catalog section on "Transfer Credits" for more details.
